

The CoronaComics Compromise

Reflect on the past few months and identify a time when you were conflicted about how to act because of a clash between your personal convictions and the circumstances that arose.

To bring this story to life, depict the scene in the form of a comic! Be sure to:

- Highlight the core idea, the deliberations and the compromise
- Feature the relevant characters
- Capture the scene through dialogue and images

Take a look at the sample comic below for an example.
